FIRST ESTIMATE OF FATALITIES
IN WABASH WRECK
VERIFIED.

OVER A HUNDRED ITALIANS

Deputy Customs Collector at Detroit
Went Through the Entire West-
bound Train—Says He Saw Fully
110 Immigrants—Railway Officials
Still Maintain That but 22 Were
Killed in the Accident.

Detroit, Mich., Nov. 30.—An inter-
view with Thomas E. Moran, deputy
customs collector at this port, prac-
tically verifies the estimate that at
least 80 lives were lost in Wednes-
day's collision on the Wabash railroad
near Seneca. The two immigrant
cars, in which the greatest loss of life
occurred and in which so many of the
wreck victims were roasted to death,
was part of train No. 13, which crossed
the Detroit river from Canada on the
ferryboat Great Western Wednesday
afternoon, and Deputy Moran inspected
the baggage of its passengers. He
says there were at the very least cal-
culation 110 Italians in the two cars.
In addition to these there were 10
more in the smoking car, which was
ahead of the two immigrant cars.

Official advices to Superintendent
Burns of this division of the Wabash
say that of the Italians in the wreck
20 escaped unhurt and were taken to
St. Louis, 15 are in the company's
hospital at Peru, Ind., there are 6 oth-
ers in Peru and 2 are near Adrian in-
jured. Subtracting these 43 from the
110 immigrants Deputy Moran says
were aboard the train leaves a loss
among the Italians alone of 67. In
addition 8 other bodies were recov-
ered and identified, which makes a
total of 75 dead.

When seen by the Associated Press,
Superintendent Burns of the Wabash
insisted that the death loss in the
wreck near Seneca Wednesday night
was being estimated very much too
high.

"Our attorney, Mr. Winston," said
he, "has telegraphed to New York for
a complete list of the immigrants that
were on train No. 13, and when it is
received an official statement will be
issued by the road. As near as I can
estimate now there are 22 dead. We
have 8 identified bodies and we be-
lieve that the fragments found repre-
sent 14 other bodies."

Superintendent Burns was told of
the interview with Customs Collector
Moran, estimating the number of im-
migrants on the train at 110. While
he declined to estimate the number
pending the arrival of the official list
he declared that this was too high.
"There were not that many Italians
aboard the train," said he. Continuing
he said:

CONDUCTOR'S STATEMENT.

Train No. 13 in the Wabash Wreck
Carried 190 Passengers.
Adrian, Mich., Nov. 30.—Just before
the coroner's inquest on the Wabash

wreck adjourned Conductor Trowl
of the ill-fated No. 13 train testified as
to the number of persons who were on
that train. According to his statement
there were 190 passengers on board.

"Had you any record of the number
of passengers you carried?" was asked.
"I had very near," was the reply.
"How many had you?"

"One hundred and ninety. I don't
know how many immigrants. We had
181 passengers out of Detroit. I get
my figures from the collector on the
train. I made a list of as many as I
could find who were saved. I got the
names of 88. My collector and I were
together getting the list. A number
of passengers got away whose names
I did not get. Aside from this record
I have no means of knowing how many
were killed."

"What is your judgment as to the
number killed?" was asked.
"I would not say. I can't tell. I
could not make any estimate."

Were in the Wabash Wreck.

Des Moines, Ia., Nov. 30.—Five Aus-
trians, survivors of the wreck on the
Wabash railroad at Seneca, Mich.,
have arrived in Des Moines to work
in the coal mines at Marquetteville.
They occupied the third coach in the
wrecked immigrant train, but escaped
with severe bruises. They graphically
describe the awful scene in their car.
A babe with its lower limbs torn off
lay near them crying for its mother,
while they were pinned under the
wreckage.

Would Prohibit Dealing in Futures.
Vienna, Nov. 30.—The lower house
of the reichsrath, by a vote of 203 to
7, has demanded that the government
withdraw the Produce Exchange re-
form bill introduced Nov. 19 and which
provided for a strict state supervision
in grain futures for the purpose of
checking the unlawful use of the rules
relating to such transaction. The
lower house also ordered a commit-
tee to prepare a bill totally prohib-
iting the dealing in grain futures.

Will Have to Pay for Medals.

Buffalo, Nov. 30.—Winners of gold,
silver and bronze medals at the Pan-
American exposition must pay the
cost of manufacturing the medals.
The executive committee has decided
to issue certificates of award. Hold-
ers of these certificates may secure
medals of the approved design by pay-
ing the cost thereof.

PROPOSITION REJECTED.

Amalgamated Association Does Not
Favor a Three-Year Contract.

Pittsburg, Nov. 30.—The various
sub-lodges of the Amalgamated Asso-
ciation have voted on the proposition
to make the scale now running to ex-
pire over a period of three years and
have almost unanimously rejected the
proposition. The scale will therefore
expire June 30, 1902, as usual. The
American Tin Plate company has been
officially notified of the result of the
vote. The men are understood to be
satisfied with the terms of the scale,
but the three-year proposition would
carry with it the continuance of the
present classification of mills as union
and non-union and they think it will
be a benefit to them to have the sub-
ject reopened next summer.

At a joint meeting of the former
workmen at the Star and Monongahela
tin plate plants in this city it was de-
cided by a vote of 197 to 8 not to go
back to work at the plants where the
Monessen system is in operation. It
is alleged that most of the men vot-
ing have secured other employment
and that there are only 20 of the Mo-
nongahela and 35 of the Star men out
of work and drawing the strike ben-
efits of \$4 a week.

Abdul's Heart Was Heavy.

London, Nov. 30.—The sultan has
told his friends that he celebrated his
birthday with a heavy heart, cables
the Constantinople correspondent of
The Times, because of the humiliation
inflicted upon Turkey by France.

LIBERALS SURRENDER

CITY OF COLON IS NOW IN POS-
SESSION OF THE CONSERVA-
TIVE TROOPS.

TERMS OF CAPITULATION

Soldiers and Arms Turned Over to
General Alban, Who Guarantees Life
and Liberty to All—Captain Perry
Acts as the Agent in the Transfer.
Behavior of the Vanquished Has
Been Praiseworthy.

Colon, Colombia, Nov. 30.—The terms
of surrender agreed upon at the con-
ference held on board the United
States gunboat Marietta and at which
the commanding officers of the Mari-
etta, of the British, cruiser Tribune
and of the French cruiser Suchet
Lieutenant Commander McCrea of the
Machias, Captain Perry of the Iowa
Generals Alban and Jeffries, represent-
ing the government of Colombia, and
Senor de la Rosa, who represented the
Liberal party, were present, are
briefly as follows:

Senor de la Rosa agreed to surren-
der the Liberal soldiers now at Colon
with their arms, to Captain Perry at
noon; Captain Perry in his turn agree-
ing to hand over these men and their
arms later in the day to General Al-
ban, who, in his turn, guaranteed life
and liberty to all men recently in
arms against the Conservative govern-
ment of Colombia. The surrender of
arms was bona fide in every re-
spect.

At 11:30 a. m. a large number of
marines and bluejackets from the
Iowa, the Marietta and the Machias
landed at Colon and proceeded to the
barracks. Here the arms belonging
to the Liberal soldiers were taken
over by the Americans in the presence
of Captain Perry, the commanders of
the warships above mentioned, the
American, British and French consuls
at Colon and a large concourse of
people who sympathized with the Lib-
erals in their surrender.

The Liberal guard patrolling Colon
appeared sad and downcast. Their
behavior, however, has all along been
most praiseworthy and it is not an
exaggeration to say that they have
gained the respect of a very large
portion of the community, and espe-
cially of the foreign element, during
their short administration of Colon.

General Alban Takes Charge.

Later in the day General Alban, ac-
companied by officials of the Conser-
vative government of Colombia, ar-
rived here from Panama, and Senor
de la Rosa, representing General Do-
mingo Diaz, whose secretary he is,
surrendered himself and the Liberal
troops to the Conservative general in
the presence of Captain Perry and
the naval and consular officers above
mentioned.

The Colombian Conservative gun-
boat General Pinzon, when General
Alban received the surrender of the
Liberals, blew a series of noisy, quick
and irregular notes from her foghorn,
indicative of her joy at the proceed-
ings. She is now lying quite close to
the docks. General Alban is on board.
The majority of the American mar-
ines and bluejackets have returned
to their vessels. The Suchet has land-
ed a detachment of marines on the
property of the French canal com-
pany. American marines are still
guarding the piers and the railroad
station.

REDUCE THE FORCE.

Navy Department Will Soon Withdraw
Some of the Ships at the Isthmus.

Washington, Nov. 30.—With the res-
toration of order and open traffic on
the isthmus of Panama it is expected
that the navy department will be able
to withdraw some of the United
States warships now on duty in that
quarter and it is probable that one
ship will be withdrawn on either side
of the isthmus. There will be no
haste, however, in reducing the naval
strength, as the officials feel that the
surrender of the Liberals on the isth-
mus may not terminate the entire
struggle throughout Colombia. The
country is so extensive and the signs
of unrest at interior points are so
numerous that it is believed there may
be a recurrence of trouble on the isth-
mus if the insurgents at other points
continue to show strength.

Due to Lack of Ammunition.

New York, Nov. 30.—The insufficient
ammunition supply of the Colombian
revolutionary troops at Colon is the
basis upon which the members of the
rebel junta here explain the surrender
of the city. This explanation involves
the supposition that the revolutionary
generals on the other side of the isth-
mus, supposed to have 2,000 men and
known to have plenty of ammunition
failed to help their friends at Colon.

Dynamite Saved the Town.

Plainfield, Wis., Nov. 30.—Seven
buildings, all frame, were saved

at \$30,000, with stock valued at \$20,
000, were destroyed by fire. The loss
is covered by insurance. The fire was
checked by the use of dynamite, with
which frame buildings in the path of
the flames were blown up.

LEASED THE ROAD.

New Company Takes the Burlington
for a Term of 999 Years.

Chicago, Nov. 30.—The lease of the
Burlington railway system to the Chi-
cago, Burlington and Quincy Railroad
company for a term of 999 years was
consummated at Burlington during
the day when papers in the case were
filed there.

President Harrison and the lease
both for the Chicago, Burlington and
Quincy Railroad company and for the
Chicago, Burlington and Quincy Rail-
way company, as he is president of
both corporations. A meeting of the
latter company was held recently and
the entire official staff of the Chicago,
Burlington and Quincy Railroad com-
pany was made the official staff of the
Chicago, Burlington and Quincy Rail-
way company. As a result the officers
of the railroad company when they
signed the lease simply leased to them-
selves as officers of the railway com-
pany all the lines of the Burlington
system.

The \$100,000,000 Iowa corporation
was founded for the purpose of making
a new bond issue to take the place of
the various bonds now outstanding
against the various portions of the
system and which will begin to fall
due in 1903.

HEITFELD WITHDRAWS.

Leaves Populists and Will Affiliate
With Democrats.

Hope, Ida., Nov. 30.—United States
Senator Henry Heitfeld of this state
has addressed a letter to D. H. An-
drews of this city, chairman of the
Populist state central committee, an-
nouncing his withdrawal from the
Populist party and his affiliation with
the Democratic party.

The letter says both the Democratic
and Populist parties are now striving
for the same purpose and should com-
bine. He asks Mr. Andrews to call
the state committee together, express-
ing the hope that it will approve his
action and unite with him in an affilia-
tion with the dominant element of the
Democratic party.

Chairman Andrews indicated that
he did not approve of Senator Heit-
feld's action and that he would reply
to the senator's letter instead of call-
ing the committee together.

ENTERTAINED THE "TRIBE."

Carlisle Football Team Calls on Mrs.
Russell Sage.

New York, Nov. 30.—Mrs. Russell
Sage, who is interested in the subject
of Indian education, invited the entire
Carlisle football team to her home on
Fifth avenue during the day. Mrs.
Sage invited the boys to her home
early in the morning and they went up
in a body. The arrival of the "tribe,"
many of whom bore traces of their
struggle with the Columbian, was a
complete surprise to Mr. Sage, but he
received the Indians cordially.

When the boys trooped into the
house they were made to feel at home
at once and before they left Mrs. Sage
gave each of them a present.

THE LAW IS RETROACTIVE.

Australian Tariff in Effect From the
Time the Bill Was Introduced.

Washington, Nov. 30.—The state de-
partment has received from United
States Consul General Bray at Mel-
bourne, under date of Oct. 12, a copy
of the customs tariff of the common-
wealth of Australia. Though it will
be some time before the tariff passes
the federal parliament, says Mr. Bray,
the schedules took effect on the day of
their introduction into parliament,
Oct. 8 last, and the duties required to
be paid from that date. If any of the
schedules are amended or modified in
any manner before the final passage
of the bill the importers will pay in-
creases or receive deductions.

THOUGHT IT WAS ALCOHOL.

Lumberjacks Drink Spirits of Nitre
With Fatal Results.

Duluth, Nov. 30.—Mack Montroy and
Dave Cummins, employed in a lumber
camp at Split Rock, on the north shore
of Lake Superior, found a bottle con-
taining spirits of nitre. Supposing it
to be alcohol they diluted it with water
and drank it. Montroy died within an
hour and Cummins shortly afterwards.
Another unknown man drank some of
the liquor and is in a serious condi-
tion. The bodies of the two dead men
were brought to Two Harbors.

Manchurian Negotiations Broken Off.

London, Nov. 30.—The St. Peters-
burg correspondent of The Times
says: The czar has conferred the
order of St. Alexandre-Newski in bril-
liant on Marquis Ito, the Japanese
statesman. This order is the second
highest in the list of Russian decora-
tions. It is rumored that Russia and
China have broken off their negotia-
tions concerning Manchuria in conse-
quence of Japan's objections thereto.
The Times' correspondent adds he be-
lieves this rumor to be based on ac-
curate information.

Many New Ships Ordered.

Cleveland, Nov. 30.—A. E. Stewart
and C. F. Bielmann of Detroit have
placed an order with the American
Shipbuilding company for a new steel
steamer which will measure 376 feet
over all, to cost \$250,000, and to be
ready for use next season. This order
makes 22 boats which have been or-
dered from the American Shipbuilding
company for delivery next season.

MORE R LESS ANNOYING.

The Princeton Union Says That the Indians is Enchanting but Distance Lends Enchantment.

The people up around Mille Lacs lake seem to be in earnest to have the Chippewa removed from their old-time haunts and hunting grounds says the Princeton Union. The Indians are picturesque and beautiful to behold on an Indian summer day and where distance lends enchantment, but with the lake settlers the matter is robbed of all poetic and sentimental coloring, for the white man is expanding so fast around the lake that the Indian is ever present and is more or less annoying. When the reservation was thrown open to settlement the Chippewa was loth to go to White Earth to live, and only about 200 of the lake Indians left the Mille Lacs reservation, the rest tarrying until the last long sunset. But the white people have got tired of waiting for the sunset and intend to ask Uncle Sam to take his wards and start them in farming somewhere.

There is nothing but the wild rice fields, the lake for fish, a little trapping, and the sugar bush for the Chippewa. The only land he has left are the old burial grounds about the lake, and it looks as if the Indian bureau intended to make provisions for enough ground to bury the rest of the Mille Lacs Indians at the lake, for Indian Commissioner Jones has written the State auditor, requesting the State to reconvey to the United States lot 4, section 28, township 43, range 27, of the old Mille Lacs reservation, stating that this went to the state under the swamp land grant of 1860. It is wanted for an Indian burying ground. This piece of ground is right north of Vineland. The Indian commissioner thinks it would make a fine happy hunting ground for the last of the Mille Lacs Indians. Under the Morris act which reserved certain lands for burial grounds, the old Collins homestead was taken for the purpose, but this is not sufficient.

POTATO BUYER UNDER A CLOUD.

He was Locked Up in the City Jail Last Night by Police Officers.

FIRM IN ILLINOIS INVESTIGATING

He Had Been Sent Here to Buy Potatoes With \$900 of Firm's Cash.

Last night officers Preston and Hurley made an arrest which was rather clever and as a result D. G. Clark, of New Paynesville, this state, spent the night in the city jail.

It seems that Clark has been in the city for some time, and he was supposed to be a representative while here of Wilcox & Munn, of St. Charles, Ill., a commission firm. This firm buys and sells large quantities of potatoes, and Clark was hired to come to Brainerd to buy potatoes. Potatoes did not appear to be coming in very fast down there and a representative of the firm was accordingly sent up here to investigate matters. He has been on a still hunt for a few days, and he stated this morning to a representative of THE DAILY DISPATCH that he grew somewhat suspicious of Clark. Yesterday he asked how many potatoes Clark had shipped and he was informed by the gentleman, so he claims, that he had shipped one car load. He found out later that no potatoes had been shipped from here at all by Clark and he therefore started an investigation and had the officers keep Clark under close watch.

The representative of the firm demanded a settlement from Clark and he claims that Clark stated that he did not have all of the \$900 which the firm had turned over to him; that a part of it was at his home. He said, it is claimed, that he would telephone at once. The representative sent here to investigate grew more and more suspicious, however, and put the officers on the watch last night.

Officers Hurley and Preston were at the midnight train and just as the train started to pull out they saw Clark boarding it. They got aboard and rode across the river, stopped the train and took their man off, bringing him back to the city.

Clark will have a hearing late this afternoon.

Young Eugene Blake Is Ordered Committed With the Approval of Judge McClenahan.

Yesterday afternoon there was a hearing before Judge Manior in the case against young Eugene Blake. Young Blake is a step-son of J. W. Blake, the milkman in East Brainerd, and it seems that his foster father has had considerable trouble to keep him at home. It is a rather sad case, as those who know the boy best do not think that there is anything really bad about him, but he is not satisfied with his surrounding and leaves home for months at a time. Recently he left home and went to work in the country and his father did not know where he was for over three months.

The boy was ordered committed to the reform school and is now in charge of Sheriff Erickson. Of course, the action of the lower court, according to the statutes, will have to be approved by the district judge before the boy can be sent away. The case was certified to and will be taken up by Judge McClenahan in a few days.

MORE R LESS ANNOYING.

The Princeton Union Says That the Indians is Enchanting but Distance Lends Enchantment.

The people up around Mille Lacs lake seem to be in earnest to have the Chippewas removed from their old-time haunts and hunting grounds says the Princeton Union. The Indians are picturesque and beautiful to behold on an Indian summer day and where distance lends enchantment, but with the lake settlers the matter is robbed of all poetic and sentimental coloring, for the white man is expanding so fast around the lake that the Indian is ever present and is more or less annoying. When the reservation was thrown open to settlement the Chippewa was loth to go to White Earth to live, and only about 200 of the lake Indians left the Mille Lacs reservation, the rest tarrying until the last long sunset. But the white people have got tired of waiting for the sunset and intend to ask Uncle Sam to take his wards and start them in farming somewhere.

There is nothing but the wild rice fields, the lake for fish, a little trapping, and the sugar bush for the Chippewa. The only land he has left are the old burial grounds about the lake, and it looks as if the Indian bureau intended to make provisions for enough ground to bury the rest of the Mille Lacs Indians at the lake, for Indian Commissioner Jones has written the State auditor, requesting the State to reconvey to the United States lot 4, section 28, township 43, range 27, of the old Mille Lacs reservation, stating that this went to the state under the swamp land grant of 1860. It is wanted for an Indian burying ground. This piece of ground is right north of Vineland. The Indian commissioner thinks it would make a fine happy hunting ground for the last of the Mille Lacs Indians. Under the Morris act which reserved certain lands for burial grounds, the old Collins homestead was taken for the purpose, but this is not sufficient.

Contractors Will Complete Work
On The New Structure
To-Night.

The Opening On Monday Evening
Next Will Be "The Cas-
ino Girl"

This evening the contractors who
have had charge of the work of erect-
ing the new Brainerd Opera House
will have about completed their
work.

The erection of this substantial
and much needed improvement in
the city of Brainerd has been carried
on through the summer, the general
contract having been taken by Con-
tractor C. B. Rowley several months
ago, and the progress in the course
of construction has been watched
with growing interest by all.

With the completion of this house
Brainerd is able to boast of as beauti-
ful a theatre as any city
of its size in the state, the structure
being much more complete and thor-
ough in its detail arrangement than
most cities of its size and even cities
many times larger. "Every care has
been taken by the members of the
board of directors of the Park Opera
House Association to have something
in the way of a playhouse that the
city of Brainerd could point to with
pride, and their most ardent efforts
have been along the line of modern
thought in the promulgation of the
task in hand. Not a stone has been
left unturned to make the venture a
success from their standpoint, and

The stage is equipped with the
finest scenery that could be secured,
the Minneapolis Scenic Studio being
responsible for the elegance and
beauty displayed thereon. The
scenic drop curtain is a beauty, the
theme selected being the "Bay of
Naples." The scenic advertising
drop curtain is also a beauty—the best
possibly that could be procured for
the purpose. Other drops consist
of the garden, landscape, street, hor-
izon and interior scenes. All other
scenery has been selected in propor-
tion and those who understand this
end of the house best, say that it is
perfectly arranged.

The interior decorations of the
house is a feature that should not be
overlooked. This contract was let
to H. A. Hall & Co., of Duluth and
they have certainly outdone them-
selves on this

to a representative of THE DISPATCH
that he was particularly surprised
after an inspection of the house to
find such a modern theatre in a city
the size of Brainerd. He compli-
mented in highest terms those
who have had to do with the house
and said that it showed careful
thought and study along the lines of
modern theatrical improvements.
He was especially well pleased with
the arrangement of the stage and the
conveniences for the actors. The
stage and dressing rooms, he stated,
are up-to-day in every particular.

THE OPENING NIGHT.
The board of directors have been
very fortunate in securing the world-
famed extravaganza, "The Casino
Girl," for the opening next Monday
night, December 2. This Casino
musical extravaganza is under the
personal direction of Mr. Samuel E.
Rork. The production is said to be
one of the most magnificent stage
conceptions that the Casino has ever
sent forth. Its success on both sides
of the Atlantic has been wonderful.
So heartily was the frolicsome musi-
cal show received in England that
three road companies were organized
for the provinces and at the present
time the organizations are still play-
ing to most satisfactory business.
The libretto is by Harry B. Smith,
and the following story is the excuse
for the drollery: A prima donna of
the Casino, tiring of the footlights,
goes to Cairo, Egypt, and enters
commercial life. In New York she
had a sweetheart who searches for
his beloved until he locates her in
the sunburned city of the Nile. The
fun is furnished by the Pasha, Ben
Muley and his boon companion, who
are as merry a pair of bandits as
ever stepped on the comic opera
stage, and by Senor Gaggis, a grand
opera tenor, who with his aggrega-
tion of songbirds becomes stranded
on the border of the Sahara desert.
A sweet love tale, with the Casino
girl and her American admirer as the
central figures, runs through the
story. Innumerable characters are
introduced at timely intervals, some
to sing, some to dance, and others
to add beauty to the scene. Being
a Casino production it is needless to
state that the feminine chorus will
be much in evidence, and that it is
composed of very pretty girls. The
music was written by Ludwig Eng-
lander, who has a peculiar knack of
turning out jingly tunes.

ed last evening about 5 o'clock near
the Fourth street crossing and as a
result young Fred Lease, the eight-
year old son of Mr. and Mrs. N. A.
Lease, who live on Second street
south, lost a leg and his life may yet
be sacrificed.

Young Lease with a number of
young boys were sweeping wheat
from some cars standing on a siding
near the Monarch elevator where
they had been for several hours.
There was some wheat underneath
the cars and one of the older boys is
said to have asked the young boy to
crawl under and get some of the
cereal. This the young boy did but
while he was under the car a switch
engine hooked on one end of the
string of cars and without the least
warning started to pull them out.
The boy tried to make his escape
from the death trap and got part
way out but one of his legs got
caught beneath one of the wheels and
he fell fainting. Several cars passed
over his leg and it was crushed to a
jelly, the flesh hanging in shreds
from the bones.

The boy was removed to his home
and afterwards to St. Joseph's hospi-
tal. Dr. Thabes and Batcheller were
called and amputated the shattered
member above the knee.

On The New Structure

The Opening On Monday Evening
Next Will Be "The Cas-

This evening the contractors who have had charge of the work of erecting the new Brainerd Opera House will have about completed their work.

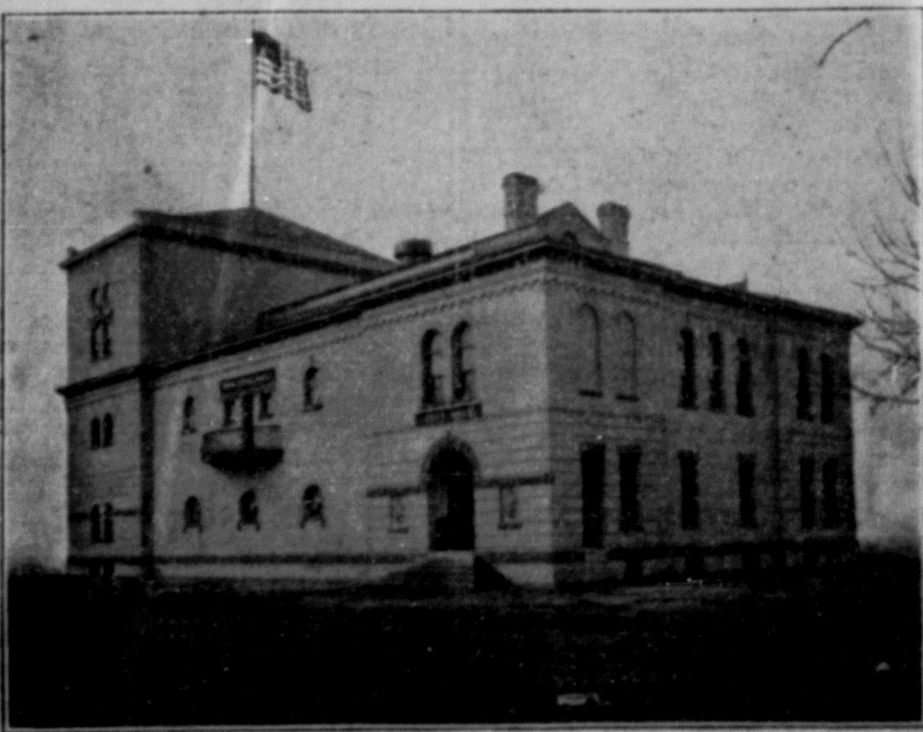

The erection of this substantial and much needed improvement in the city of Brainerd has been carried on through the summer, the general contract having been taken by Contractor C. B. Rowley several months ago, and the progress in the course of construction has been watched with growing interest by all.

With the completion of this house Brainerd is able to boast of as beautiful a theatre as any city of its size in the state, the structure being much more complete and thorough in its detail arrangement than most cities of its size and even cities many times larger. Every care has been taken by the members of the board of directors of the Park Opera House Association to have something in the way of a playhouse that the city of Brainerd could point to with pride, and their most ardent efforts have been along the line of modern thought in the promulgation of the task in hand. Not a stone has been left unturned to make the venture a success from their standpoint, and

The stage is equipped with the finest scenery that could be secured, the Minneapolis Scenic Studio being responsible for the elegance and beauty displayed thereon. The scenic drop curtain is a beauty, the theme selected being the "Bay of Naples." The scenic advertising drop curtain is also a beauty—the best possibly that could be procured for the purpose. Other drops consist of the garden, landscape, street, horizon and interior scenes. All other scenery has been selected in proportion and those who understand this end of the house best, say that it is perfectly arranged.

The interior decorations of the house is a feature that should not be overlooked. This contract was let to H. A. Hall & Co., of Duluth and they have certainly outdone themselves on this

A. R. Wilbur, business manager for the "A Texas Steer" company, which will be at the Brainerd Opera

House on Friday evening next, is in the city today and he stated to a representative of THE DISPATCH that he was particularly surprised after an inspection of the house to find such a modern theatre in a city the size of Brainerd. He complimented in highest terms those who have had to do with the house and said that it showed careful thought and study along the lines of modern theatrical improvements. He was especially well pleased with the arrangement of the stage and the conveniences for the actors. The stage and dressing rooms, he stated, are up-to-day in every particular.

THE OPENING NIGHT.

The board of directors has been very fortunate in securing the world-famed extravaganza, "The Casino Girl," for the opening next Monday night, December 2. This Casino musical extravaganza is under the personal direction of Mr. Samuel E. Rork. The production is said to be one of the most magnificent stage conceptions that the Casino has ever sent forth. Its success on both sides of the Atlantic has been wonderful. So heartily was the frolicsome musical show received in England that three road companies were organized for the provinces and at the present time the organizations are still playing to most satisfactory business. The libretto is by Harry B. Smith, and the following story is the excuse for the drollery: A prima donna of the Casino, tiring of the footlights, goes to Cairo, Egypt, and enters commercial life. In New York she had a sweetheart who searches for his beloved until he locates her in the sunburned city of the Nile. The fun is furnished by the Pasha, Ben Muley and his boon companion, who are as merry a pair of bandits as ever stepped on the comic opera stage, and by Senor Gaggis, a grand opera tenor, who with his aggregation of songbirds becomes stranded on the border of the Sahara desert. A sweet love tale, with the Casino girl and her American admirer as the central figures, runs through the story. Innumerable characters are introduced at timely intervals, some to sing, some to dance, and others to add beauty to the scene. Being a Casino production it is needless to state that the feminine chorus will be much in evidence, and that it is composed of very pretty girls. The music was written by Ludwig Englander, who has a peculiar knack of turning out jingly tunes.

GOVERNOR GENERAL WOOD REITERATES PREVIOUS RECOMMENDATIONS.

LOWER DUTIES NECESSARY

In No Other Way Can the Recurrence of Conditions Which Existed Under Spanish Rule Be Prevented—Obligatory on the United States to Encourage the Island to Become Self-Supporting.

Washington, Nov. 30.—General Leonard Wood, military governor of Cuba, is in the city. Accompanying him were Mrs. Wood and Lieutenant McCoy. The general will spend some days in Washington in conference with the president and the secretary of war regarding affairs in Cuba.

Since his last trip to Washington about two months ago General Wood has traveled over practically the whole island of Cuba, familiarizing himself with conditions, and he is able to give the officials here a complete and intelligent account of affairs and the people's needs. He will reiterate his previous recommendations for a reduction in the duties on sugar and tobacco imposed by the United States government. General Wood believes this absolutely necessary for the financial rehabilitation of the island and to prevent the recurrence of conditions which existed under Spanish rule. He will urge earnestly upon the president and the secretary of war that it is the duty of this government now that it has taken the Cubans under its protection to encourage them to become self-supporting and enable them to continue the good work of maintaining the excellent conditions which have resulted from American occupation.

RECOMMENDED BY CONANT.

Report of the Special Commissioner Sent to the Philippines.

Washington, Nov. 30.—Accompanying the annual report of Secretary Root is a report made by Special Commissioner Charles A. Conant, who was sent to the Philippines to investigate the currency situation. His recommendations are submitted to congress for its action. The most important are:

That there should be a distinctive Philippine coin of silver which shall be legal tender for 50 cents in gold, to be called the peso and to contain 25 grammes of silver. The coin is to be issued in such quantities as the trade requires and sustained at a parity with gold by limitation of the amount coined. The Mexican silver dollar and other coins shall cease to be legal tender after a certain date. It also is recommended that national banks in both the Philippines and the United States should have authority to establish branches throughout the islands and in the United States. Power to issue notes should not be extended to banks having a capital of less than \$500,000. Mortgage banks with a capital of not less than \$1,000,000 are recommended to make loans on real estate. It is recommended that the treasurer of the United States be authorized to receive deposits from the government of the Philippine islands and that the treasury of the Philippine islands may be designated by the secretary of war as a legal depository of public money.

ROOT REPLIES TO MASO.

Says Americans Are Not Interfering in the Cuban Elections.

Washington, Nov. 30.—Secretary Root has addressed a communication to Elligio Bonachea, president of the convention at Havana, Cuba, that nominated Bartholome Maso for president, relative to his complaint that

United States authorities were interfering in the Cuban elections. The secretary says:

"The representatives of the intervening government in Cuba are already aware that their duty requires them not merely to be strictly impartial in the electoral contest in Cuba, but to refrain from interfering in any manner whatever with the free expression of the wishes of the Cuban people at the polls. They have not violated this rule in the past and will not in the future. They will have nothing to do with the electoral contest except to enforce the electoral law prescribed by the constitutional convention and promulgated by the military governor on Oct. 14 last. This will be done impartially and effectively. It is quite unnecessary to assume that the officers of this government will be less faithful to their duty hereafter than they have been in the past or to recommend or direct that they shall perform a duty which they already are performing."

Porto Rico's New Treasurer.

San Juan, Porto Rico, Nov. 30.—William Franklin Willoughby, the newly appointed treasurer of the island of Porto Rico, succeeding Jacob Hollander, resigned, has arrived here. He will take his oath of office during the day. The executive council of Porto Rico at a special session raised the bond of the treasurer of the island from \$100,000 to \$150,000. This action was taken because of the increased funds handled by the treasurer.

Transport Buford Overdue.

Washington, Nov. 30.—The transport Buford, en route from the Philippines with two battalions of the Twenty-third infantry aboard to New York, is several days overdue. No apprehension is felt at the war department, however, as the severe northwest gales which have prevailed for some days past over the North Atlantic naturally would retard her progress.

A QUEEN SEEKS DIVORCE.

Wilhelmina of Holland Will Rid Herself of Henry.

Amsterdam, Nov. 30.—It is learned from an intimate court source that Queen Wilhelmina will apply for a divorce on the grounds of cruelty and improper behavior on the part of the prince consort, Duke Henry of Mecklenburg-Schwerin.

Public sentiment is intensely with the queen. A biograph picture of Wilhelmina was displayed at the Carre theater and was tumultuously cheered. One of the prince consort was loudly hissed.

Dowager Queen Emma is heart broken over the outcome of the marriage and is now endeavoring to effect a reconciliation.

Prince Henry is said to be absent hunting, but it is intimated that he has been summoned by the kaiser to explain his behavior.

ARE STILL ALIVE.

Brigands Have Decided Not to Kill Miss Stone and Mme. Tsilka.

Sofia, Bulgaria, Nov. 30.—According to a letter dated Dubnitz, Nov. 28, Miss Stone and Mme. Tsilka are still alive. The letter further says that at a recent meeting of the committee held in Dubnitz it was definitely decided not to kill the prisoners upon any pretext whatever. Nevertheless, the committee insisted upon the payment of the full amount of the ransom. A naive suggestion is current in political circles here to the effect that the United States should force Turkey to pay the balance of the ransom, and as soon as the prisoners are in safety force Bulgaria to punish those persons guilty of their abduction.

INSURGENTS GET AWAY.

Have a Running Fight With Soldiers After a Raid on Batangas.

Manila, Nov. 30.—The insurgents are active in Batangas province. Brigadier General Bell, with a battalion of the Fifth Infantry, has left here to assume command of the troops in Batangas. Recently the insurgents killed a merchant in the town of Batangas, terrorized the people living in the outskirts of the town and escaped after a running fight with a small detachment of the Eighth infantry.

The operation performed on Governor Taft during the morning was successful. He expects to start for Washington Dec. 10 to confer with Secretary Root and recuperate.

MORE TROOPS WANTED.

Pretoria Correspondent Urges the Need of Men in South Africa.

London, Nov. 30.—The correspondent of The Times in Pretoria, whose recent dispatches giving the number of the Boer commandoes are supposed to have been allowed to pass through the censorship as a warning that more British troops were wanted in South Africa, has sent a sketch of the positions of the British columns and states explicitly that more men are needed to accelerate the attrition of the Boers, and that a further partitioning of the country by lines of block houses is necessary to enable the British columns to achieve greater results.

FORMERLY AT ST. CLOUD.

Mgr. Zardetti to Be Papal Delegate to Canada.

New York, Nov. 30.—A letter from one of the dignitaries at the Vatican at Rome says Mgr. Faiconio, papal delegate to Canada, will surely succeed Martineau at Washington. Faiconio's successor in Canada will be Mgr. Zardetti, titular archbishop of Moesum, formerly bishop of St. Cloud, Minn.

New Canadian Canal Company.

Ottawa, Ont., Nov. 30.—Application will be made to parliament next session for an act to incorporate a company under the name of the "St. Joseph and Lake Huron Ship Canal company," with all necessary powers to construct, operate and maintain a canal so located as to make a navigable waterway from some point on the east shore of Lake Huron to some point on Lake Erie.

BULLER GIVEN WARNING.

Is Told to Check the Extravagance of His Partisans.

London, Nov. 30.—Seemingly feeling an alliance between the pro-Bullerites and the pro-Boers during the demonstration to be held in Hyde park in sympathy with General Buller may be the beginning of a serious anti-government agitation. The Standard semi-officially warns General Buller that unless he checks the extravagance of his partisans the government may be compelled to make further disclosures which will cause a revulsion of feeling against the general.

The Standard hints that General White at first refused to regard General Buller's heliogram as authentic, and when it was deliberately repeated General White decided to disobey it.

WANTS TO FIGHT AGAIN.

McGovern's Manager Issues a Challenge to Young Corbett.

New York, Nov. 30.—In sporting circles here nothing was talked of more than the defeat of Terry McGovern by Young Corbett in Hartford. That McGovern was beaten by a two-handed rushing fighter like himself was conceded by everybody, but McGovern's friends are evidently of the opinion that should the boys meet again McGovern will retrieve his lost laurels. Sam Harris, McGovern's manager, has posted \$2,500 to bind another match, the time and place to be at the will of Young Corbett.

Tom Sharkey has taken charge of Dave Sullivan, the featherweight pugilist, and has issued a challenge to Young Corbett.

Dean to Take Schiff's Place.

New York, Nov. 30.—Hon. W. D. Dean of St. Paul has been selected to take the place of Jacob H. Schiff as a member of the board of directors of the Great Northern railroad. Mr. Schiff's resignation is the first among directors holding seats in two or more of the Northwestern railway directorates and it is believed it is to be followed by others.

TO REHABILITATE CUBA

GOVERNOR GENERAL WOOD RE-ITERATES 'PREVIOUS RECOMMENDATIONS.

LOWER DUTIES NECESSARY

In No Other Way Can the Recurrence of Conditions Which Existed Under Spanish Rule Be Prevented—Obligatory on the United States to Encourage the Island to Become Self-Supporting.

Washington, Nov. 30.—General Leonard Wood, military governor of Cuba, is in the city. Accompanying him were Mrs. Wood and Lieutenant McCoy. The general will spend some days in Washington in conference with the president and the secretary of war regarding affairs in Cuba.

Since his last trip to Washington about two months ago General Wood has traveled over practically the whole island of Cuba, familiarizing himself with conditions, and he is able to give the officials here a complete and intelligent account of affairs and the people's needs. He will reiterate his previous recommendations for a reduction in the duties on sugar and tobacco imposed by the United States government. General Wood believes this absolutely necessary for the financial rehabilitation of the island and to prevent the recurrence of conditions which existed under Spanish rule. He will urge earnestly upon the president and the secretary of war that it is the duty of this government now that it has taken the Cubans under its protection to encourage them to become self-supporting and enable them to continue the good work of maintaining the excellent conditions which have resulted from American occupation.

RECOMMENDED BY CONANT.

Report of the Special Commissioner Sent to the Philippines.

Washington, Nov. 30.—Accompanying the annual report of Secretary Root is a report made by Special Commissioner Charles A. Conant, who was sent to the Philippines to investigate the currency situation. His recommendations are submitted to congress for its action. The most important are:

That there should be a distinctive Philippine coin of silver which shall be legal tender for 50 cents in gold to be called the peso and to contain 25 grammes of silver. The coin is to be issued in such quantities as the trade requires and sustained at a parity with gold by limitation of the amount coined. The Mexican silver dollar and other coins shall cease to be legal tender after a certain date. It also is recommended that national banks in both the Philippines and the United States should have authority to establish branches throughout the islands and in the United States. Power to issue notes should not be extended to banks having a capital of less than \$500,000. Mortgage banks with a capital of not less than \$1,000,000 are recommended to make loans on real estate. It is recommended that the treasurer of the United States be authorized to receive deposits from the government of the Philippine islands and that the treasury of the Philippine islands may be designated by the secretary of war as a legal depository of public money.

ROOT REPLIES TO MASO.

Says Americans Are Not Interfering in the Cuban Elections.

Washington, Nov. 30.—Secretary Root has addressed a communication to Eligio Bonachea, president of the convention at Havana, Cuba, that nominated Bartholomeo Maso for president, relative to his complaint that

United States authorities were interfering in the Cuban elections. The secretary says:

"The representatives of the intervening government in Cuba are already aware that their duty requires them not merely to be strictly impartial in the electoral contest in Cuba, but to refrain from interfering in any manner whatever with the free expression of the wishes of the Cuban people at the polls. They have not violated this rule in the past and will not in the future. They will have nothing to do with the electoral contest except to enforce the electoral law prescribed by the constitutional convention and promulgated by the military governor on Oct. 14 last. This will be done impartially and effectively. It is quite unnecessary to assume that the officers of this government will be less faithful to their duty hereafter than they have been in the past or to recommend or direct that they shall perform a duty which they already are performing."

Porto Rico's New Treasurer.

San Juan, Porto Rico, Nov. 30.—William Franklin Willoughby, the newly appointed treasurer of the island of Porto Rico, succeeding Jacob Hollander, resigned, has arrived here. He will take his oath of office during the day. The executive council of Porto Rico at a special session raised the bond of the treasurer of the island from \$100,000 to \$150,000. This action was taken because of the increased funds handled by the treasurer.

Transport Buford Overdue.

Washington, Nov. 30.—The transport Buford, en route from the Philippines with two battalions of the Twenty-third infantry aboard to New York, is several days overdue. No apprehension is felt at the war department, however, as the severe northwest gales which have prevailed for some days past over the North Atlantic naturally would retard her progress.

A QUEEN SEEKS DIVORCE.

Wilhelmina of Holland Will Rid Herself of Henry.

Amsterdam, Nov. 30.—It is learned from an intimate court source that Queen Wilhelmina will apply for a divorce on the grounds of cruelty and improper behavior on the part of the prince consort, Duke Henry of Mecklenburg-Schwerin. Public sentiment is intensely with the queen. A biograph picture of Wilhelmina was displayed at the Carretheater and was tumultuously cheered. One of the prince consort was loudly hissed.

Dowager Queen Emma is heart broken over the outcome of the marriage and is now endeavoring to effect a reconciliation.

Prince Henry is said to be absent hunting, but it is intimated that he has been summoned by the kaiser to explain his behavior.

ARE STILL ALIVE.

Brigands Have Decided Not to Kill Miss Stone and Mme. Tsilka.

Sofia, Bulgaria, Nov. 30.—According to a letter dated Dubnitz, Nov. 28, Miss Stone and Mme. Tsilka are still alive. The letter further says that at a recent meeting of the committee held in Dubnitz it was definitely decided not to kill the prisoners upon any pretext whatever. Nevertheless, the committee insisted upon the payment of the full amount of the ransom.

A naive suggestion is current in political circles here to the effect that the United States should force Turkey to pay the balance of the ransom, and as soon as the prisoners are in safety force Bulgaria to punish those persons guilty of their abduction.

INSURGENTS GET AWAY.

Have a Running Fight With Soldiers After a Raid on Batangas.

Manila, Nov. 30.—The insurgents are active in Batangas province. Brigadier General Bell, with a battalion of the Fifth infantry, has left here to assume command of the troops in Batangas. Recently the insurgents killed a merchant in the town of Batangas, terrorized the people living in the outskirts of the town and escaped after a running fight with a small detachment of the Eighth infantry. The operation performed on Governor Taft during the morning was successful. He expects to start for Washington Dec. 10 to confer with Secretary Root and recuperate.

MORE TROOPS WANTED.

Pretoria Correspondent Urges the Need of Men in South Africa.

London, Nov. 30.—The correspondent of The Times in Pretoria, whose recent dispatches giving the number of the Boer commandoes are supposed to have been allowed to pass through the censorship as a warning that more British troops were wanted in South Africa, has sent a sketch of the positions of the British columns and states explicitly that more men are needed to accelerate the attrition of the Boers, and that a further partitioning of the country by lines of block houses is necessary to enable the British columns to achieve greater results.

FORMERLY AT ST. CLOUD.

Mgr. Zardetti to Be Papal Delegate to Canada.

New York, Nov. 30.—A letter from one of the dignitaries at the Vatican at Rome says Mgr. Falconio, papal delegate to Canada, will surely succeed Martinelli at Washington. Falconio's successor in Canada will be Mgr. Zardetti, titular archbishop of Moessum, formerly bishop of St. Cloud, Minn.

New Canadian Canal Company.

Ottawa, Ont., Nov. 30.—Application will be made to parliament next session for an act to incorporate a company under the name of the "St. Joseph and Lake Huron Ship Canal company," with all necessary powers to construct, operate and maintain canals so located as to make a navigable waterway from some point on the east shore of Lake Huron to some point on Lake Erie.

BULLER GIVEN WARNING.

Is Told to Check the Extravagance of His Partisans.

London, Nov. 30.—Seemingly feeling an alliance between the pro-Bullerites and the pro-Boers during the demonstration to be held in Hyde park in sympathy with General Buller may be the beginning of a serious anti-government agitation, The Standard semi-officially warns General Buller that unless he checks the extravagance of his partisans the government may be compelled to make further disclosures which will cause a revulsion of feeling against the general.

The Standard hints that General White at first refused to regard General Buller's heliogram as authentic, and when it was deliberately repeated General White decided to disobey it.

WANTS TO FIGHT AGAIN.

McGovern's Manager Issues a Challenge to Young Corbett.

New York, Nov. 30.—In sporting circles here nothing was talked of more than the defeat of Terry McGovern by Young Corbett in Hartford. That McGovern was beaten by a two-handed rushing fighter like himself was conceded by everybody, but McGovern's friends are evidently of the opinion that should the boys meet again McGovern will retrieve his lost laurels. Sam Harris, McGovern's manager, has posted \$2,500 to bind another match, the time and place to be at the will of Young Corbett.

Tom Sharkey has taken charge of Dave Sullivan, the featherweight pugilist, and has issued a challenge to Young Corbett.

Dean to Take Schiff's Place.

New York, Nov. 30.—Hon. W. D. Dean of St. Paul has been selected to take the place of Jacob H. Schiff as a member of the board of directors of the Great Northern railroad. Mr. Schiff's resignation is the first among directors holding seats in two or more of the Northwestern railway directorates and it is believed it is to be followed by others.
